Gasoline Launch Destroyed.

As the result of an explosion which occurred on the launch of the Chipewa Club Monday night about nine o'clock, the craft was totally destroyed and the occupants, Ben Downey, Mitchell Jackson and Douglas Thomas, narrowly escaped serious injury.

The accident occurred several hundred yards from the mouth of Kennedy's Creek and in the deepest part of Stoner Creek. The party was enroute to Kennedy's Creek where they intended to fish.

When they were preparing to make the landing at the mouth of the smaller stream there was a sudden explosion and the entire boat was enveloped in flames. It is evident the gasoline tank had sprung a leak and its contents poured into the bottom of the boat.

When the explosion occurred the men leaped into the stream and swam to the shore. Fortunately none of them sustained any injury. The woodwork of the boat was burned from the steel ribs, which were badly warped by the intense heat. The engine can probably be repaired and again put in running order.

The launch, which was one of the latest patterns, was valued at \$350 and had only been in commission about a year. It was fifteen feet in length and had a carrying capacity of fifteen persons.

Carlisle Suffers Heavy Fire Loss

Fire, which started in the storage warehouse of Frank Taylor in Carlisle Tuesday morning burned out three blocks along Market and Railroad streets, causing a loss that is estimated between \$150,000 and \$200,000, partly covered by insurance.

Before the fire-fighting apparatus of that city could be brought into commission the flames had gained considerable headway and threatened the entire business section of town. For three hours the firemen of three cities battled with the fierce flames before they were finally under control.

The property destroyed was the warehouse of Booth Carew, in which was stored one hundred and fifty thousand pounds of tobacco the property of William Crow, and Reed Bros., the coal yard of Darnell Co., warehouse of Mrs. George Judy, Stuart & Ham's coal yard, plant of the Blue Grass Poultry Co., L. & N. passenger and freight depot, billiard parlors of May or Frye, grocery of Conway Kennedy, the big Burley Tobacco Warehouse and the warehouse of Davis & Barrett were consumed. Six residences on Maple street were also burned.

When the fire was raging fiercely Paris was appealed to for assistance and the engine with five hundred feet of hose was sent to the relief of the stricken city. Nine men accompanied the apparatus from the local department which was in charge of Henry McGinley.

The run to Carlisle was made in twenty-five minutes and in about an hour after the special train departed from this city the department was doing very effective work in checking the spread of the conflagration. The Millersburg engine was also rushed to the scene and rendered valuable assistance.
